Blessed wayfarers on the Pathway Home:

When a Group of individuals gather to combine their endeavors toward the promoting of a good God-Cause there is a tremendous release of electronic particles from those who will be present into the contemplated Ascended Master's Activity. This will have a great deal to do with its final Victorious outcome. The nature of the participants (as well as their feelings, during the process of preparing and actually executing the plan) will determine the type of manifestation that will occur.

If men could see the beautiful conductors they can be of Cosmic Energy, and how electronic particles literally fly from the fingertips, the feet, and from any part of the body which is consciously dedicated as a concentrated focus of an Ascended Master Activity for the Ascended Masters' Service they would be startled and amazed.

Although the entire four lower bodies (emotional, mental, etheric and physical are constantly sending forth substance (belonging to God, "I AM"), qualified by their outer consciousness the tremendous radiation sent forth of the Cosmic particles is concentrated where the attention is focused. This energy passes from the hand in a handshake, from the eye in the process of reading or looking at objects, from the forehead in thought and from the lips in speech and song. The quality of the energy, of course, is determined by the feelings of each individual and the entire congregation. To have the inner sight opened just one half hour by an Ascended Master Dispensation would so transport the chela into a world of Light, wherein he could see the reality behind all action, he would never again find temporal form either an imprisonment or lasting.

Where a dozen or a hundred individuals gather together for a Spiritual Activity there is a combined outpouring from all parties concerned. All of this tends to precipitate itself upon the Leader, he or she being the center of their combined interests. This is why tremendous assistance must be given to any individual who forms the focus for such concentrated interests, even of a high and exalted nature, for the nature of the students will determine the type of energy which will be catapulted toward the Leader even though their interests and motives are towards the highest possible unfoldment, for themselves.

We shall avail ourselves of the occasion of your forthcoming visiting together at Harrisburg to balance a tremendous amount of Energy that you, beloved, have taken into your inner bodies during the past year, and the members of the Spiritual Hierarchy will raise your inner bodies and revitalize your physical forms.

May you be blessed in all your ways.

Love and Blessings
MAHA CHOHAN.
